## Dr. Wiser Named To Head Horsemen In Reorganization

Dr. Ray H. Wiser was elected president of the Truckee Donner Horsemens Association at the reorganization meeting held Tuesday evening at the Truckee fire station. He replaces Gene Stark, who has headed the organization for the past few years.

Frank H. Snyder was named as vice president.

George Morey was chosen as wagon master for the third annual wagon train trip between Reno and Donner Lake on September 4, 5, 6 and 7. The group will assemble at the Reno fairgrounds and drive to Donner Memorial State Park where it will disband.

A camp breakfast will be held on the final day of the trek, probably at Prosser campground. The public is invited to this event.

The rules for the queen contest have been changed in regard to the judging and the entrants will now be judged on ticket sales, horsemanship, appearance and speaking ability, with 25 points awarded in each category.

Sunday, August 9, the horsemen and their families will assemble at the Martis Stables at 3 p. m. for the hayride to Prosser campground where a picnic will be held. Mrs. Elsie Morey is chairman in charge of the picnic. Mrs. Ben King is providing the turkey and James Richie will be the cook.

Possibility that a flyin at the Truckee Tahoe Airport for the wagon train breakfast will be held is under discussion.

## Supervisors Give Budget Approval

Final hearing on a $5,005,256 record budget for the County of Nevada for the 1964-65 fiscal year, approved by the board of supervisors last week, will be held next Monday and no changes are expected.

This marks the first time in the county's history that a budget has passed the 5 million dollar mark.

Of the total amount, $3,388,502 will be received from "outside sources' " which are interpreted as grants, allocations and receipts other than from property tax. These are chiefly from state and federal grants and subventions. The balance will come from county general taxes and totals $1,616,753.

After the hearing, a tax rate will be set but it is not expected to be a great deal higher than last year because of the advances made in assessments.

## TEACHER IS SPEAKER AT ROTARY MEETING

Lyle C. Hubbard presided at the Monday evening meeting of the Truckee Rotary Club when Dr. Frances Todd, teacher at Balboa high school at San Francisco, talked as slides were shown of India.

It was young Hutton's third ride in the one-day race and he has already announced he will try again next year.

The winner's father, Ernie Hutton, started the race but his horse tired and he was forced to drop out.

## SMALL FOREST FIRE AT LAKE IS BATTLED

Believed to have been started by careless campers or children, a smoldering fire north of Brockway in the heavily wooded area Monday morning at 2 a. m. brought out the North Tahoe Fire Protection District equipment and the U. S. Forest suppression crews.

The fire burned over a small area, less than half an acre, but was in an area where a major blaze could have occurred had it not been for the quick and effective response.

Cause of the fire is being investigated.

## PERKINS COMFIRMED AS S. S. POSTMASTER

President Johnson last week sent to the senate for confirmation the nominations of 266 postmasters.

## Woman Attorney Named As Counsel

The Nevada County Board of Supervisors Monday appointed Mrs. Dean G. Lawrence, a Grass Valley attorney, as county counsel, an office created by the board which was designed to relieve District Attorney Harold Berliner of the duties.

William Cassettari was named as Mrs. Lawrence's assistant and will attend the supervisors meetings and act as their legal advisor.

The new position becomes effective today.

The board also transferred the investigator, who has been working out of the office of the district attorney, into the welfare department, although final details have not yet been worked out.

In the future, under present arrangements, the duties of the district attorney will be confined to the routine of that office, primarily in prosecution of criminal matters, investigations and similar duties.

## TINKER BELLES WORK ON HOSPITAL YARDS

On Tuesday, July 28th, 10 members of the Tinker Belles Garden Club met at the Tahoe Forest Hospital and spent three and a half hours weeding flower beds, pruning shrubs and planting trees donated by general patrons. ## Freeway At Tahoe Depends On Need, Governor Explains

There will be no four-lane scenic with the assistance of the garden highway on the west shore of Lake Tahoe if a two-lane road will fill the transportation needs of the area when the time for construction rolls around in another ten or fifteen years.

If the expansion of the Lake Tahoe area demands a four-lane highway, the state will be ready for it by acquiring sufficient right-of-way in advance.

Those points were made in a memorandum released yesterday by Governor Edmund G. Brown. The memo was written by highway transportation Administrator Robert B. Bradford.

Bradford wrote the memorandum and asked the governor to make it public because he is concerned that there is misunderstanding of the actions taken by the highway commission in the Lake Tahoe area.

## Local Boys In Navy In Vietnam Water

At least three, and possibly more, former Truckee boys are engaged in action with the Seventh Fleet, now patrolling off Vietnam where active warfare flared Tuesday with an attack on a U. S. cruiser and the quick retaliation by United States forces.

Barry Smith, son of Mr. and Mrs. C. Z. Smith and former local school boy, is aboard the USS Constellation, the super carrier from which planes took off to smash the PT boats which made the initial attack and to bomb their bases. Two of the planes were shot down in anti-aircraft fire.

Dale DeWitt, son of Mrs. Maggie Morski of Truckee and also a former local student, is assigned to the USS Oklahoma, the flagship of the Seventh Fleet, also engaged in the activities in the Far East.

Kuraisa succeeds Richard S. Armstrong of Bijou who resigned; Longo succeeds the late Cecil Edmunds of Truckee.

Reappointed are: Charles A. Scholl, superintendent of U. S. Borax and Chemical Company in Boron; Gale O. Kenyon, a consulting civil engineer in Barstow; and Doctor Victor H. Hough, Bishop City and Inyo County Health Officer.

## Two Fires Within Hour Are Battled

Two fires within an hour kept the crews from the Truckee ranger station busy last night.

The first at 7 p. m. was discovered just east of Truckee between the railroad and the river where it appeared a careless smoker had started a blaze in the old dump ground. Half an acre was burned over before the suppression crew, pumper and Hobart inmates gained control.

An hour later a second fire was cornered a mile and a half northwest of Woodchopper Springs where a quarter of an acre burned over. Tire tracks indicated that this, too, was a man caused blaze.

## SOFTBALL TOURNEY UNDERWAY IN AREA

The Truckee-Donner Recreation District's Softball tourney is now in progress this week with all games being played on the high school field behind Smart's Cafeteria. Seven teams are entered with games scheduled for Thursday, Friday and Saturday nights starting at 6 p. m. each evening.

**REASSIGNED**

Mr. and Mrs. Carl Painter will have as their guests Mr. and Mrs. J. Howard Painter, who have been living in Florida where Howard has been stationed with the U. S. Navy. He is being assigned to a new base.

**COUPLE INJURED**

## Forest Service Is Opening War On Smoking In Woods

As a consequence of four potentially disastrous forest fires started by cigarette smokers within the last month on the Truckee District, the U. S. Forest Service is intensifying its fire prevention program aimed at smokers.

District Ranger George Steed announced that the forest service is pressing its investigation of the four fires. Steed observed that persons convicted of starting forest fires as a consequence of careless smoking are responsible for paying the suppression costs of the fire. They may also be fined or imprisoned.

State and County fire prevention laws make it unlawful to smoke anywhere in the forest except:

1. In an area cleared to bare dirt.
2. Inside a house or closed vehicle.
3. Within a designated campground.

Steed emphasized that smoking is prohibited while riding in an open car or jeep or while riding on a trail bike or horse in the forest. Smoking is also not permitted for persons walking along forest roads or trails.

Persons on foot or riding in the forest may only smoke while standing still in a cleared area at least three feet in diameter. Burning material must not be thrown from vehicles riding on highways.

Forest officers will make a special effort to enforce these regulations, Steed said, in order to prevent any more smoker-started fires.

"The most critical portion of the summer fire season is here," Steed commented, "and we urge everyone to take special pains to prevent forest fires from all causes, including smoking."

## BARRY LEAMON TELLS OF TRIP TO FAR EAST

Barry Leamon with the U. S. Navy, wrote his family of the thousands of miles of water they had crossed while island-hopping before arriving in Japan.

In brief stays at Hawaii and Guam described as garden spots, he played golf, water skiied and played on the ship's baseball team.

In a Japanese port they were the second U. S. Navy ship to stop there since World War 11 and were enthusiastically welcomed during an open house on board. Many children asked for autographs and Barry commented that teaching of foreign languages in our schools should be extended to include Japanese as all the young ones spoke very clear English, putting their visitors at a slight disadvantage.

He hoped to have a tour of Tokyo while in the area and closed with sayonara to those he knows at Lake Tahoe and Truckee.

## HOSPITAL BEAUTIFIED BY TRUCKEE GROUP

A recently completed, useful and artistic addition to the grounds at Tahoe Forest Hospital is located around a pine tree in the form of a large flag stone planter where ambulatory patients may rest while enjoying the variety of flowers.

The Tinker Belles Garden Club, with the assistance of the garden and landscaping group of the Tahoe Forest Hospital Auxiliary has been working on the project for some time and expressed appreciation for donations given by Mrs. George Hall Walker, Truckee Tahoe Lumber Co., Clements Rock Products and Ivan Tofft.

## Eugene C. Stowe Of Downieville Expires

Funeral services were held in Woodland Monday afternoon at 2 p. m. for Eugene Carroll Stowe, 70, for the past 20 years publisher of the Mountain Messenger at Downieville who expired Thursday night in a Grass Valley hospital.

He had been a patient at the hospital for only a few days but had been in ill health for several months.

Stowe, a native of New Mexico, had been in the newspaper business all of his adult life. He was former publisher of the Fairfield Enterprise in Solano County and prior to that owned and operated the Colfax Record. From 1925 until 1937, he was publisher of the Woodland Mail in Yolo County.

Surviving are his wife, Mable of Downieville; two daughters, Miss Dorothy Stowe and Mrs. Carol Garrison both of Sacramento and his sister, Mrs. Harriett Barrett of Truckee.

The Woodland Masonic Lodges of which he was a member conducted the rites. Stowe was past master of the Masonic Lodge, past high priest of the Royal Arch Masons, a member of the Shrine and Chanters and other branches of the fraternity.

Mr. and Mrs. Walter M. Barrett and Mrs. Robert Leamon attended the services. Burial was in the Woodland cemetery.

## LITTLE LEAGUE BOYS TO TURN IN UNIFORMS

The Tahoe Truckee Little League gained about $500 from the barbecue held at Tahoe City last week, the money to be applied to the expense of conducting the league during the 1965 season.

George Wurst, president of the league, said more than 250 attended the affair and that all seemed to enjoy the outing.

The 1964 season concluded last week with the local all-stars losing to South Tahoe 12 to 0 and to the Eastern Division in Sacramento to 9 to 5.

Wurst is requesting all little leaguers to turn in their uniforms to their coaches immediately. The uniforms will be used again next year and the turnin is requested so none will get lost during the intervening months.

## FIFTH MAN ADDED TO S.V. DEPARTMENT

SQUAW VALLEY—A fifth man has been added to the staff of the Squaw Valley State Park fire department, bringing the full-time personnel to six including Chief Richard Bass.

With the present four-man staff, two men have been on duty during the days and two during nights. Bass reports that he also has 12 parttime firemen available in case of emergency.

**BOAT SINKS**

EMERALD BAY—A 17-foot outboard boat was discovered last week in 15 feet of water near the mouth of Emerald Bay. The registered owner is James Robert Chase of Lomita, Calif., and efforts to locate the owner immediately failed. The coast guard report concluded with the notation "it appears the boat sank and no report was made."

**Auburn Visitor—**

Mrs. Eva Bigelow of Auburn visited friends here last week.

## District Holds Up Action To Accept Government Loan

Directors of the Truckee Public Utility District last week rejected, in its present form, a proffered loan from the Rural Electrification Administration for $365,000. At the same time, Edward Aweeka, president of the district board, announced that the board is considering a loan from the Sierra Pacific Power Company in the amount of $100,000.

The latter loan plan will be fully hashed over at next Tuesday's meeting of the board.

While no official offer to the district has been made, Aweeka said, a letter to Director George Kaspian, which was read at the last meeting, but not made a part of the official records, presented the offer unofficially.

The $100,000 would be used to complete construction of the new substation which was started several weeks ago under the assumption that the REA loan would be accepted. Rigid stipulations by the REA, Aweeka said, made the offer inadvisable at this time. However, he added, the board did not reject the proposition conclusively until further discussions are held.

The Sierra Pacific, in the offer to advance the $100,000, stipulated that a lease must be obtained on a portion of land within the district to meet the legal requirements. The loan would not bear interest, Aweeka said, and would be repaid through a five per cent discount from Sierra Pacific on the utility district's monthly bill for power supplied to the district.

In other action, the board received a resignation from Charles Spillner, a member of the board, who advised that the stress of his

Parham had been a resident of Tahoe City for the past 25 years and worked as a painter. He had been in the hospital for the past three weeks.

Parham was a native of Houston, Texas, and is survived by two daughters, believed to reside in Alaska.

Arthur Walsh, pictured above with Jeannie Sterling, will open at the Nevada Lodge at Crystal Bay next Thursday, August 13. Walsh is a comedian and billed as "the funniest man in show business." He will alternate in the Topaz Room with the hit Vive Les Girls revue.

## ARTHUR WALSH WILL FEATURE NEVADA BILL

Returning August 13 to North Lake Tahoe's Nevada Lodge after a standout performance during the 1963 season, is comedian Arthur Walsh billed as "The Funniest Man in Show Business." Art, whose versatility is legendary, will alternate on the stage of the Nevada Lodge's new Topaz Room with the hit Vive Les Girls revue, the fast paced extravaganza created and produced in Paris by Frederic Apcar.

It is difficult to classify Arthur Walsh simply as a comedian, for he puts on a variety act so crammed with unpredictable, head-whirling routines that not even his many fans know what he will produce next. His stunts and hoaxes and impersonations follow one another in breath taking, illogical and wholly engrossing sequences. With over 100 different acts, ranging from comedy to tragedy, he rarely repeats. In his presentations, he uses everything from livestock to fire extinguishers and sirens.

Still a young man, his face is familiar to many from the 36 Hollywood movies in which he has appeared. He also has appeared in numerous Broadway stage plays, including "Hellzapoppin'" and "Sons of Fun" with Olsen and Johnson, whose influence on his work is readily apparent. When he drops his energetic funny man role for a tragedian circus clown he tops all of his previous efforts. He demonstrates remarkable versatility through all of his performances and his delivery along with the solid backing from his musicians result in a most satisfying fast-pased show.

In Alaska, 54 per cent of the unmarried men are between the ages of 18-29.

## BEARS PROVIDING OFFICERS TROUBLE

CARNELIAN BAY — Sheriff's deputies were summoned to the Silva residence in Fulton Acres subdivision last week after Mrs. Silva spotted a black bear perched in a tree. The officers attempted to call fish and game officials but were unable to contact either Warden Charles Spillner or George Wurst, game management official.

Since there were no further calls from the area it was presumed the bear left the tree and went to a more secluded area.

Earlier Wurst captured and caged a black bear in a residential area near Squaw Creek. He took the animal to a remote area and released it.

After our last visit to San Francisco we reported that rickshas were a possibility in Chinatown. Cousin, Sheral Dependener, was a guest over the weekend and reports that the Board of Permit Appeals has approved the service.

Two firms will operate the rickshas tours and are firmly obligated to provide safe and attractive vehicles. They will be motorized three-wheelers of ancient parentage which should add new color and charm to the district.

The Placer County Water Agency Newsletter reports: "A Lake Tahoe Basin appraisal of ways to develop supplemental water supplies has been completed by the U. S. Bureau of Reclamation and will be submitted to the agency board of directors at the August meeting. Director William S. Briner, who represents the Lake Tahoe area of the county, reported it is a long range study of the potential water supplies available to the basin. The two year study was financed by the bureau, Placer and El Dorado Counties."

On the board of directors for the Placer County Water Agency are Brank J. Paoli, chairman; Robert Radovich, secretary, George A. Lambert, J. O. Anderson and William S. Briner, and John M. Bernard, general manager.

The agency has entered its Placer project in national competition for design awards. A review of the project has been sent to the Community Facilities Administration to be reviewed by an impartial committee, which judges the design without knowing the identity of the project. The agency's project is entered in the public works division.

Neil Hutton of Reno, 17 years old, was the winner of the Tevis Cup for the best time in the annual Tevis Cup 100 mile ride last weekend. The cup was awarded at a banquet last Sunday given by William and Gordon Tevis at Auburn.

The Haggin Cup, named in honor of a Tevis ancestor, James Ben Ali Haggin, which was awarded for the first time this year to the rider who brought his horse in in best condition, was awarded to a former cup winner, Paige Harper.

Silver and gold inscribed buckles were given to 29 of 53 who completed the grueling ride over the old Pony Express trail within the 24 hour limit. William Wallace Mein Jr. won his second buckle.

Winning his buckle the hard way, Bud Dardi of San Anselmo, walked the last 20 miles leading his horse.

A special trophy, a silver Revere bowl, was presented to Buffalo Bill, because he has participated in all ten Tevis Cup races. He is sixteen years old and owned by Nick Mansfield. Mansfield's son, Allen, is married to William Tevises' daughter, Sandra.

The horse will now be retired.

## DONNER DOINGS

By VI WHITE
Phone 587-3866

The first annual Home and Cabin Tour on Donner Lake was a success! In spite of the wind and rough water, about 40 people visited the six interesting houses.

As chairman, I would like to take this opportunity to thank all those who helped with this event. Especially to the Cecil Ball's, Morby Swanson's, Fred Salisbury, William Gottschalk's, Carson White's and the Anthony St. Claire's for offering their homes.

Anxious women and men arrived at Donner Lake Lodge way before 1 p. m. Saturday and quickly filled the boats and cars. Thanks too to boat drivers who braved the choppy water to bring people to the piers; Les Hadley, Jack Marquette, Ivan Tofft and Fire Chief "Shorty" Harris.

President of the Donner Lake Volunteer Fire Department Ladies Auxiliary, Charlotte Harris checked and sold tickets at the Lodge while Muriel Wiser and Kitty Money had cars available.

Hostesses, Louise Tapia, Mable Hadley, Janice Roth, Lois Hogmire and Karen Smart guided people through the homes.

Miss Donner Lake of 1964, Kandy Board and her attendant Susie Knapp helped serve coffee and cookies in the lovely patio and garden at the St. Claire's. Refreshments were donated by Ozella Slate, Bess Reid, Muriel Wiser, Lona Borne, Janet Franklin, "Gil" Gilson, Lois Hogmire, Kate Miles, Vi White and Louise Tapia.

Marilyn Marquette had charge of transportation, Billie Weiler and Marcella Corro, tickets and posters.

Several homes have been offered for next year.

Because all the stubs were not in Saturday, the drawing will be held at the next meeting for the door prize, a picture made of cones and dry grasses framed with bark from Marge's Creations in Nevada City.

* * *

A group of Donner Lake residents are planning to attend the Planning Commission meeting at the Nevada County Court House in Nevada City Monday night to protest the request made to allow a trailer court next to the Launderette on Hiway 40.

* * *

Neighbors and friends of the Corro's of Lake Shore Motel were sorry to learn that their dog "Duke" was hit on the highway Sunday night and killed. So many animals have been run over due to the heavy traffic. We all hope for a safer area when the freeway is completed in October.

* * *

A board meeting of the DLVFDLA will be held tonight at Bess Reid's. Will all those who have tour tickets yet please turn them in.

The Auxiliary plans to have a hot dog and coffee booth at the Water Ski Meet August 15th at Donner Beach.

* * *

Notice the $2.00 bills around here lately? The members of the Donner Lake Property Owners' Association are using them during the month of August to purchase items. Just their way of showing the local merchants that their money is being spent in the area.

There is no dominant geographical egg production area in the United States.

## Letter to the Editor

Dear Sir:

As you are well aware, the Tevis Cup 100-Mile Ride has just taken place, and I would like to report to you that the Sierra Nevada Rescue Unit and the Placer County volunteers of the Citizens Band Radio Group participated in a coordinated exercise to provide communications on this ride.

The purpose of this exercise was two-fold: First, to keep track of the riders so that we might know as soon as possible if a rider became lost or injured, and secondly, to test the strength and weaknesses of our communications organization.

I feel we were extremely successful in both regards. The riders expressed their appreciation in knowing that if something happened help would soon be on the way, and also we proved that the abovementioned volunteer communications groups encompassing both Placer and Nevada Counties can work very successfully together thus assuring me that in any emergency that could arise, either naturay or man-made, these men are capable of performing any reasonable request made of them, and perhaps, some that are unreasonable.

In closing, I would like to again express my appreciation for the wonderful job done by the Sierra Nevada Rescue Unit, an organization your community can be proud of.

Sincerely,
DEAN T. PRATT, Civil Defense Coordinator.

## DIVOT DIGGERS

By Georgiana King
(Ponderosa Country Club)

Hi ya, Divot Diggers, sure was glad to see such a nice attendance at the golf club meeting Monday night. Many events were discussed. This Sunday at 2 p. m. the club will have a Scotch foursome. . . . Bring your own food basket and join the fun.

Thursday is officially ladies day. It starts at 9 a. m. so get out of bed early and make it. Let's have a real good turnout.

Also every Thursday there will be a men's sweepstake tournament starting promptly at 5 p. m. This should be lots of fun. for you fellows.

Starting this Thursday the ladies eclectic tournament will begin. You have 'til the end of the championship tournament to play 10 9-hole games. So why don't all of you start your eclectic this Thursday at ladies day. Rita Vail and Pattie Fink are in charge.

Sunday, September 13, is an open date for a tournament at the golf course. We are going to try to get Grass Valley to come up for their return match with us.

Don't forget to pay your $3 and get signed up for the club championship. The sooner we know how many are going to play the sooner we can pick out the trophies and get them ordered. It would be nice to have them out on display before the tournament is over.

It sure would be nice to keep the young players enthusiasm up in golf by arranging a junior tournament for them—What do you all think?

Well that's it for now. See you all on the golf links. . . . .

## ASSURANCE GIVEN ON EFFLUENT PROPOSAL

STATELINE—"Water users on the American River in California no longer have cause to be alarmed over the proposal for discharging treated effluent into the headwaters of that river," California Resources Administrator Hugo Fisher said today.

Fisher cited an agreement by directors of the South Tahoe Public Utility District in California and Douglas County Sewer Improvement District in Nevada to construct, operate and maintain joint facilities for the treatment and disposal of their sewage.

This, coupled with recent action by the Central Valley Regional Water Pollution Control Board, is reason enough to allay the fears of American River water users, Fisher indicated to convention delegates of the California Sanitary and Sanitation Districts Association meeting here.

Reno employes honored for five years of service with Sierra Pacific included Frank A. Giovannoni, formerly of Truckee.

Employes from other areas who received five year awards included Earl Smith and Francis Vierra, Truckee.

The awards are gold emblems showing the number of years of service, and are fixed on tie clips, pins or bracelets, according to the wishes of the employe.

## STATE SEEKS BIDS FOR ROUTE 89 JOB

## HUNTING APPROVED IN FRENCHMAN AREA

SACRAMENTO — (CNS) — The state park commission has approved hunting in certain areas of Frenchman reservoir state recreation area in Plumas county.

Hunting will be prohibited in and around the Spring Creek campground, including the water area.

Hunting will be permitted in the Frenchman area from the first day of the Sierra deer hunting season, Sept. 19, through the last day of the duck hunting season, which probably will be in early January of 1965.

The hunting is permitted under a 1961 law which permits hunting in recreation areas when it is deemed to be compatible with other uses.

## TWO HOME FIRES AT TAHOE EXTINGUISHED

TAHOE CITY—Two fires in the Tahoe City area damaged homes during the past week.

Last Tuesday the Tahoe City Fire Department was called to Tahoe Pines where a cabin owned by Claude Graham was badly damaged when a blaze started near a water heater. One wall and a portion of the roof were burned but the fast action by the department, headed by Chief Al Henry prevented the fire from gaining headway.

A previous blaze damaged a small cabin owned and occupied by the David McBride family.

## DONNER CAMPS WILL BE OFF PRIVATE USE

Congressman Harold T. Johnson this week announced that the bureau of land management has published notice of the proposed withdrawal from mineral entry of 40 acres of the Donner Camps Picnic site, in the Tahoe National Forest.

The land is located near Prosser lake where the old stumps, marking the site of the ill-fated Donner brothers camp was located in the tragic winter of 1846-47.

The request for withdrawal was made by the U. S. Forest Service to preserve this beautiful spot for recreation purposes.

## UTILITY

(Continued from Page 1)

work as state game warden was taking his full time and that he could not devote the required time to the district's interests.

Manager Francis Longo left last week with Mrs. Longo for a vacation in Idaho. He will return Monday to attend Tuesday's meeting of the board.

Aweeka declared that the district currently is in excellent financial and physical shape, due to the efforts of the board and Manager Longo. Both the electric and water departments have undergone extensive improvements bringing the former up to high standard throughout the district and bringing the water department to a far better condition than it has been in for many years.

With the installation of the new substation, the extension and improvement of the lines and the district will be in excellent condition, Aweeka declared.

The loan from Sierra Pacific, he said, will not be accepted if it in any way jeopardizes the future of the district.
